The first edition of the Aging and Rejuvenation Conference (ARC) was born in Rome, Italy aiming to serve as a premier forum for the presentation of technological advances and research results in the fields of Aging and Geriatrics. The second edition ARC was held in Berlin, Germany in October of 2019 and the third edition of the Aging and Rejuvenation Conference (ARC-2021) was held in Barcelona, Spain on September 2021. The fourth edition ARC was held in Rome, Italy, 5th edition ARC was held in Frankfurt, Germany on July 2023, and 6th edition ARC was held on Jul 08-10, 2024 in Paris, France. With the successful experience of the last six years in Rome, Berlin, Barcelona, Frankfurt, and in Paris, we truly believe that ARC- 2025 will achieve greater success and provide a better platform for all the participants to have fruitful discussions and to share ideas of researches.

With high standard and high-quality submissions and presentations in ARC Editions, it will one day become a leading conference in this specific academic area. It will feature invited keynote speeches, peer-reviewed paper presentations, and academic visits. This conference provides opportunities for the delegates to exchange new ideas and application experiences face to face, to establish business or research relations and to find global partners or future collaboration.

*Sincerely yours.*
