

**5th World Aging and Rejuvenation Conference (ARC-2023)**  
Jul 17 - 18, 2023 at Frankfurt, Germany

**Scientific Program**

**Day-1 HALL- A**

<b>08:00-08:45</b>	Registrations
<b>08:45- 09:00</b>	Opening Remarks
<b>Keynote Session</b>	
<b>09:00- 09:30</b>	Using enrichment criteria for clinical trials in aging: using biomarkers of peripheral inflammation to predict cognitive dysfunction <i>Dr. RJ Tesi , CEO, INmune Bio, USA</i>
<b>09:30- 10:00</b>	Comparing Interventions to Slow Human Ageing <i>Prof. Brian Kennedy , National University of Singapore, Singapore</i>
<b>10:00- 10:30</b>	Future Treatment of Alzheimer's Disease; Why Multi-Target Drugs <i>Prof Moussa B. H. Youdim, Technion-Faculty of Medicine, Israel</i>
<b>Group photo @ Garden</b>	
<b>10:30- 10:50</b>	<b>Refreshment Break @ Foyer</b>
<b>Technical Session-I</b>	<b>Session Themes: Anti-Aging Strategies and Drug Development Geriatrics and Medicine</b>
<b>Chairs: Dr Eggehard Holler</b>	
<b>10:50- 11:10</b>	The intracellular labile ironome as a predictor of the level of skin photoaging in individuals: A powerful approach towards personalised sun protection <i>Charareh Pourzand , University of Bath, United Kingdom</i>
<b>11:10- 11:30</b>	The synergistic GIT2-RXFP3 signaling system – a protective receptor system controlling age-related DNA damage <i>Stuart Maudsley, Receptor Biology Lab - University of Antwerp, Belgium</i>
<b>11:30- 11:50</b>	Inflamm-aging: the impact on cardiac dysfunction following noxious insult <i>Xianzhong Meng, University of Colorado Anschutz Medical ,USA</i>
<b>11:50- 12:10</b>	Changing the Approach to Anticoagulant Therapy in Older Patients with Multimorbidity Using the Drug-PIN Precision Medicine Approach <i>Maurizio Simmaco , Sapienza University of Roma, Italy</i>
<b>12:10- 12:30</b>	Signature effects of vector-guided systemic nano Bioconjugate delivery across blood-brain barrier of normal, Alzheimer's and tumor mouse models. <i>Eggehard Holler, Terasaki Institute for Biomedical Innovation, USA</i>
<b>12:30- 12:50</b>	Geriatric Enhanced Recovery Interventions: A Ten-year Review of a Surgeon-led Geriatric Surgical Service <i>Daniel Lee Jin Keat , Khoo Teck Puat Hospital, Singapore</i>
<b>12:50- 13:10</b>	Impact of a Secondary Prevention Program for Fragility Fractures at the Orthogeriatric Clinical Care Center at the Fundacion Santa Fe de Bogota, 2014-2020 <i>Carlos Mario Olarte, Hospital Universitario Fundacion Santa Fe de Bogota, Columbia</i>
<b>13:10-14.00</b>	<b>Lunch @ Restaurant</b>

<b>Technical Session-II</b>	<b>Session Themes: Age-Related Diseases Dementia and Alzheimer's Public Policy and Public Perspectives on Aging</b>
<b>Chairs: Michal Elwertowski</b>	
<b>14:00- 14:20</b>	<b>Joint effects of the APOE E4 allele and TOMM40-APOC1 variants in the genetics of Alzheimer's disease</b> <i>Alexander Kulminski, Duke University, USA</i>
<b>14:20- 14:40</b>	<b>Plasminogen decreases A<math>\beta</math>42 and Tau deposition, and shows multi-beneficial effects on Alzheimer's disease in mice and humans</b> <i>Jinan Li, Talengen Institute of Life Sciences, Hong Kong</i>
<b>14:40- 15:00</b>	<b>Can a prebiotic functional cookie enriched with probiotics counteract cognitive decline?</b> <i>Laura Bonfili, University of Camerino, Italy</i>
<b>15:00- 15:20</b>	<b>Volumetric Assessment of global intracranial flow in ageing patients with carotid artery stenosis</b> <i>Michal Elwertowski, Dept.of General Endocrine&amp;Vascular Surgery Med.Univers. Warsaw, Poland</i>
<b>15:20- 15:40</b>	<b>Associations between the use of <math>\beta</math>-adrenoceptor acting drugs and the risk of dementia in older population</b> <i>Fang Fang, Shanghai Jiao Tong University School of Medicine, China</i>
<b>15:40- 16:00</b>	<b>Loss of HSF1 and HSC70 contributes to the onset of ALS pathogenesis</b> <i>Jared Sternecker, Technische Universität Dresden, Germany</i>
<b>16:00- 16:20</b>	<b>Refreshment Break @ Foyer</b>
<b>16:20- 16:40</b>	<b>Adiponectin and Cognitive Decline</b> <i>Lucia Scisciola, University of Campania Luigi Vanvitelli, Italy</i>
<b>16:40- 17:00</b>	<b>Measuring the Progress of Health Wellbeing: Health, Ageing and Gender in 21st Century China</b> <i>Gordon Anderson, University of Toronto, Canada</i>
<b>17:00- 17:10</b>	<b>YRF: Identifying relative contributions of multiple lifestyle- and health-related exposures to epigenetic aging</b> <i>Lifang Hou, Northwestern University Feinberg School of Medicine, USA</i>
<b>17:10- 17:20</b>	<b>YRF: An Analysis of the Impacts of the Long-term Care Fees Revision in Japan</b> <i>ZHANG XINFANG, Tohoku University, Japan</i>
<b>17:20- 17:30</b>	<b>YRF: Influence of Artery Shorten with Aging on Senile Hypertension</b> <i>Jifeng Dai, Kunming University of Science and Technology, China</i>
<b>Panel Discussions</b>	
<b>NOTE: This is tentative program and subject to change</b>	

Jul 18, 2023 - Day-2

HALL- A

**Keynote Session**

09:00-09:30	<b>Environmental exposures to extreme weather, natural disasters, and ultra-fine particles and multiple health outcomes among aging population</b> <i>Shao Lin, University at Albany, State University of New York, USA</i>
09:30-10:00	<b>Recent clinical trials with investigational products intended to slow, stop or reverse normal aging processes</b> <i>Ricardo P. Garay, Director of Research CNRS, Paris, &amp; President of Craven, France</i>
10:00-10:30	<b>Allogeneic ADSCs Therapy for Organ System Rejuvenation: Safety and Efficacy</b> <i>Yujian James Kang, Tasy Stem Cell Biology Laboratory, China</i>
10:30- 10:50	Refreshment Break @ Foyer
Technical Session-III	<b>Session Themes: Healthy Ageing</b>
<b>Chairs: Dr Kemly Philip</b>	
10:50-11:10	<b>Medical Cybernetics for Healthy Aging with Lifestyle Interventions</b> <i>Zsolt Peter Ori, Ori diagnostic Instruments, LLC, United States</i>
11:10-11:30	<b>Aging of Human Hematopoiesis is Caused by a Subset of Non-primed Stem and Progenitor Cells with Senescence Signature</b> <i>Anthony D. Ho, Ruprecht-Karls-University, Heidelberg, Germany</i>
11:30-11:50	<b>The importance of being active and fit for healthy ageing in older adults with intellectual disabilities</b> <i>Alyt Oppewal, Erasmus MC, University Medical Center Rotterdam, Netherlands</i>
11:50-12:10	<b>Older, Nonagenarians, and Centenarians in Cilento, Italy, and the direct or indirect influence of Natural Environmental Factors</b> <i>Silvana Mirella Aliberti, University of Salerno, Italy</i>
12:10-12:30	<b>4Active Intervention for Promoting Physical Activity and Cognitive Flexibility among Older Adults</b> <i>Weiyun Chen, University of Michigan, USA</i>
12:30-12:50	<b>Analysing the human factors Influencing continue wearable device usage in Northern Old Populations</b> <i>Karla Munoz Esquivel, Atlantic Technological University, Ireland</i>
12:50-13:10	<b>Interventional Pain Management for Spine and Musculoskeletal Disorders in the Aging Population</b> <i>Kemly Philip, McGovern Medical School at UTHealth, USA</i>

13:10-14:00

Lunch @ Restaurant

<b>Technical Session-IV</b>	<b>Session Themes: Healthy Ageing - II</b>
<b>Chairs: Dr Eggehard Holler</b>	
<b>14:00-14:20</b>	<b>Ageing in China</b> <i>Marion F. Krings, Erasmus University ESHPM Rotterdam NL, France</i>
<b>14:20-14:40</b>	<b>What can be learned from long-lived mammals: lessons from the blind mole rat</b> <i>Imad Shams, University of Haifa, Israel</i>
<b>14:40-15:00</b>	<b>Multimodal Microscopy and Its Applications in Cancer Research</b> <i>Lingyan Shi, UC San Diego, USA</i>
<b>15:00-15:20</b>	<b>Slot Available</b>
<b>15:20-15:40</b>	<b>Slot Available</b>
<b>15:40-16:00</b>	<b>Barriers and Challenges to Telemedicine Usage Among the Elderly Population</b> <i>Motti Haimi, Clalit Health Services, University of Haifa, Technion, Israel</i>
<b>16:00- 16:20</b>	<b>Refreshment Break @ Foyer</b>
<b>Technical Session-V</b>	<b>Session Themes: TBA</b>
<b>Chairs: TBA</b>	
<b>16:20- 16:40</b>	<b>Mutant TMEM230 induced neurodegeneration</b> <i>Wanli Smith, Johns Hopkins University School of Medicine, USA</i>
<b>16:40- 16:50</b>	<b>Development of a Novel Multidimensional Measure of Aging to Predict Mortality and Morbidity in the Prospective MJ Cohort</b> <i>Wu Xifeng, Zhejiang University School of Medicine, China</i>
<b>16:50- 17:10</b>	<b>Hypoalbuminemia increases complications in elderly patients operated for hip fracture</b> <i>Luigi Residori, AOUI Verona, Italy</i>
<b>17:10- 17:30</b>	<b>Slot Available</b>

**Day-2 Paralell Session**  
**July 18, 2023- Hall- B**

<b>Technical Session-VI</b>	<b>Theme:</b> Mechanisms of Aging at Molecular, Cellular or Organ levels
<b>Chairs: Dr Weiwei Dang</b>	
<b>10:50- 11:10</b>	<b>Emotion regulation, optimism and hope in young and older adults one year after the COVID-19 pandemic declaration</b> <i>Steve Horvath, Altos Labs, USA</i>
<b>11:10- 11:30</b>	<b>Oxylipin-PPAR<math>\gamma</math>-INK signaling as a trigger of Bone marrow adipocyte senescence</b> <i>MEI WAN, Johns Hopkins University School of Medicine, USA</i>
<b>11:30- 11:50</b>	<b>Systematic estimation of biological age of in vitro cell culture systems by an age-associated marker panel</b> <i>Christiane Hartmann, University Medical center Rostock, Germany</i>
<b>11:50- 12:10</b>	<b>A non-canonical RNA splicing signature uncovering aging marks in inflammatory bowel diseases</b> <i>Laurence Arbibe, Institute Necker Enfants Malades, France</i>
<b>12:10- 12:30</b>	<b>Cognitive deficits in aging are related with changes in basal forebrain and cortical activity. Participation of IGF-I signaling</b> <i>Angel Nunez, Universidad Autonoma de Madrid, Spain</i>
<b>12:30- 12:50</b>	<b>The microRNA miR-30a plays a key role in human chronological skin aging by regulating cell differentiation, cell death and autophagy</b> <i>Jerome LAMARTINE, CNRS University of Lyon, France</i>
<b>12:50- 13:10</b>	<b>Disruption of chromatin as a cause of aging.</b> <i>Weiwei Dang, Baylor College of Medicine, USA</i>
<b>13:10-14.00</b>	<b>Lunch @ Restaurant</b>
<b>14:00- 14:20</b>	<b>Towards uncovering the basis of negligible senescence in vertebrates: enter the salamander</b> <i>Maximina H.Yun, CRTD &amp; MPI-CBG, Germany</i>
<b>14:20- 14:40</b>	<b>Novel insights from mammals of extreme longevity into organ regeneration</b> <i>Guo Huang, University of California, San Francisco, USA</i>
<b>14:40- 15:00</b>	<b>Senescence and Mesenchymal Stem Cell Function: Challenges and Opportunities for Therapeutic Applications</b> <i>Tamara Tchkonja, Mayo Clinic, USA</i>
<b>15:00- 15:20</b>	<b>The role of community groups in supporting older migrants into sustainable and healthy employment</b> <i>Matt Flynn, University of Leicester, United Kingdom</i>
<b>15:20- 15:40</b>	<b>AGEs as a biomarker of aging-related diseases: classical and new methods for detection in biological fluids</b> <i>Margherita Borriello, University of Campania "L. Vanvitelli"/Dept of Precision Medicine, Italy</i>
<b>15:40- 16:00</b>	<b>Cardiovascular and Metabolic diseases and the Risk of Dementia</b> <i>Arsha Moshiri, International College of Cardiology-Canadian Branch, Canada</i>
<b>16:00- 16:20</b>	<b>Refreshment Break @ Foyer</b>

**NOTE: This is tentative program and subject to change**

**Day-2 Concludes**

**Closing Remarks**

**Technical Session-V**  
**Parallel Virtual Session**  
**July 17, Frankfurt time, 09:00 AM onwards**

<b>09:00-09:20</b>	<b>Abling factors for Older Adults working into older age in Japan: Discussion on outcomes of the studies conducted 2019-2022.</b> <b>Kazuyo Kanzaki Sooudi</b> , Iryo-Sosei University, Japan
<b>09:20-09:40</b>	<b>Composite Biomarkers for Assessing Frailty Status in Stable Older Adults with Cardiovascular Disease</b> <b>Akihiro Hirashiki</b> , National Center for Geriatrics and Gerontology, Japan
<b>09:40-10:00</b>	<b>Prescription of potentially inappropriate medicines and comparison with lists of essential medicines for treatment of chronic disorders in older patients</b> <b>Juan Gu</b> , Affiliated Hospital of Zunyi Medical University, China
<b>10:00-10:20</b>	<b>Efficacy of single-photon emission computed tomography aided botulinum</b> <b>Lingjing JIN</b> , Tongji University, China
<b>10:20-10:40</b>	<b>Singapore multidisciplinary consensus recommendations on muscle health in older adults – assessments and multimodal targeted interventions across the continuum of care</b> <b>Samuel T.H Chew</b> , Changi General Hospital, Singapore
<b>10:40-11:00</b>	<b>TBA</b> <b>Soumyabrata Banerjee</b> , Vidyasagar University, India
<b>11:00-11:20</b>	<b>Effect of a video-assisted fall prevention program on fall incidence in community dwelling older adults in India</b> <b>Snehal Kulkarni</b> , Dr. Vishwanath Karad, MIT World Peace University, Pune, India
<b>11:20-11:40</b>	<b>Multimorbidity related to frailty syndrome in the elderly</b> <b>Popescu Ana</b> , Medicine and Pharmacy State University "Nicolae Testemitanu", Moldova
<b>11:40-12:00</b>	<b>Emotion regulation, optimism and hope in young and older adults one year after the COVID-19 pandemic declaration</b> <b>Enrico Sella</b> , Department of General Psychology University of Padova, Italy
<b>12:00-12:20</b>	<b>Cognitive Stimulation Therapy (CST): Its efficacy for people with mild-to-moderate dementia and the role of individual characteristics.</b> <b>Elena Carbone</b> , Department of General Psychology University of Padova, Italy
<b>12:20-12:40</b>	<b>A critical review of anti-aging interventions in the IGF-1 and insulin pathways in mice</b> <b>Sanjush Dalmia</b> , University of Leeds, UK
<b>12:40-13:00</b>	<b>The new Current and Retrospective Cognitive Reserve (2CR) survey and its relationship with cognitive and mood measures in adulthood and older age</b> <b>Erika Borella</b> , Department of General Psychology University of Padova, Italy

<b>13:00-13:20</b>	<b>Projections to 2025 of the household sector within the Dutch economy</b> <i>Jan W. Van Tongeren, Ex-Head National Accounts and Classifications, UN Statistics Division, Netherlands</i>
<b>13:20-13:40</b>	<b>Surgical-site infection after hip fracture surgery; preoperative full-body disinfection compared to local disinfection of the surgical site.</b> <i>Noelle Probert, Orebro University, sweden</i>
<b>13:40-14:00</b>	<b>Falls prevention for community dwelling individuals with cognitive impairment: a qualitative enquiry</b> <i>Nansi Felton, University of the West of England, United Kingdom</i>
<b>14:00-14:20</b>	<b>Antiparkinson drugs use and adherence in older adults and associated factors: an integrative review</b> <i>Gessica Cazusa De Medeiros, Universidade Federal de Pernambuco, Brazil</i>
<b>14:20-14:40</b>	<b>The kitchen and the elderly: universal design of environment and products</b> <i>Camila Feldberg Porto, State University of Minas Gerais, Brazil</i>
<b>14:40-15:00</b>	<b>GPER agonist G-1 up-regulates compromised drug responses of the aortae in aging rats</b> <i>Guichun Han, University of Pikeville-KYCOM, USA</i>
<b>15:00-15:20</b>	<b>Aging glial cells in autoimmune demyelinating disease</b> <i>Jeffrey Atkinson, The Ohio State University, USA</i>
<b>15:20-15:40</b>	<b>Skeletal Muscle Microphysiological System to Model Sarcopenia</b> <i>Maddalena Parafati, University of Florida, United States</i>
<b>15:40-16:00</b>	<b>Diagnostic and Therapeutic Lumbar Punctures in Neurodegenerative Diseases</b> <i>Samuel Frank, Beth Israel Deaconess Medical Center/ Harvard Medical School, USA</i>
<b>16:00-16:20</b>	<b>HIV-1 Tat induced HIF-1-IncrRNA BACE 1-AS mediated astrocytic amyloidogenesis: Implications for Alzheimer's like neuropathology in HIV</b> <i>Shilpa Buch, University of Nebraska Medical Center, United States</i>
<b>16:20-16:40</b>	<b>A Model of Care to improve Survival of Older Trauma Patients: Geriatric Comanagement</b> <i>Iva Neupane, Brown University, USA</i>
<b>16:40-17:00</b>	<b>Hacking Natural Catabody Defenses to Treat and Prevent Alzheimer Disease</b> <i>Stephanie Planque, Covalent Bioscience Inc, USA</i>
<b>17:00-17:20</b>	<b>Idiopathic pulmonary fibrosis is associated with common genetic variants and limited rare variants</b> <i>Anna Peljto, University of Colorado Anschutz Medical Campus, USA</i>
<b>17:20-17:40</b>	<b>Scholarly concentration programs in geriatrics</b> <i>Lindsay Wilson, University of North Carolina, USA</i>
<b>17:40-18:00</b>	<b>Thinkie Cognitive Training Exercises Promote Improved Cognition in Older Adults</b> <i>Bianca Acevedo, University of California, Santa Barbara, USA</i>
<b>18:00-18:20</b>	<b>Exercise training for prevention and treatment of older adults with heart failure with a preserved ejection fraction</b> <i>Bharathi Upadhy, Duke University, USA</i>
<b>18:20-18:40</b>	<b>Hyperglycemia Negatively Affects iPSC-Derived Myoblast Proliferation and Skeletal Muscle Regeneration and Function</b> <i>Xiufang Guo, Univesity Of Central Florida, USA</i>
<b>18:40-19:00</b>	<b>slot Available</b>

<b>19:00-19:20</b>	<b>The role of shoulder dysfunction in decline of health-related quality of life and mobility among older adults: preliminary results</b> <i>Derik L. Davis, University of Maryland School of Medicine, USA</i>
<b>Technical Session-VI</b> <b>Parallel Virtual Session</b> <b>July 18, Frankfurt time, 09:20 - 19:00</b>	
<b>09:20-09:40</b>	<b>Prospect of Traditional Chinese Medicine in Anti-Aging Application via Epigenetics Modification</b> <i>Mengnan Li, Shijiazhuang Yiling Pharmaceutical Co., Ltd, China</i>
<b>09:40-10:00</b>	<b>Protective effect of Ginseng extract against ultraviolet irradiation to the female <i>Drosophila melanogaster</i></b> <i>XianJun Dai, China Jiliang University, China</i>
<b>10:00-10:20</b>	<b>Nutrition mediates the relationship between number of teeth and sarcopenia: a pathway analysis</b> <i>Xiaolei Liu, West China Hospital, China</i>
<b>10:20-10:40</b>	<b>COVID-19 immunity in the elderly</b> <i>Matthew Zirui Tay, A STAR Infectious Diseases Labs, Singapore</i>
<b>10:40-11:00</b>	<b>Protective and stimulating effects of IR-irradiated water vapor on biological objects</b> <i>Olga Yablonskaya, Emanuel Institute of Biochemical Physics RAS, Russia</i>
<b>11:00-11:20</b>	<b>Assesment of cardiovascular risk factors among healthy vegans, lacto/ovo-vegetarians, pescatarians, and people on a mixed diet</b> <i>Izabela Kwiatkowska, Poznan University of Medical Sciences, Poland</i>
<b>11:20-11:40</b>	<b>Exploring the Role of the Neutrophils in Alzheimer's Disease Pathogenesis</b> <i>Elena Zenaro, University of Verona, Italy</i>
<b>11:40-12:00</b>	<b>TBA</b> <i>Arshan Dadrewalla, Imperial College Healthcare NHS Trust, UK</i>
<b>12:00-12:20</b>	<b>DNA methylation in lymphoblastic cell lines of Werner syndrome patients</b> <i>Claudia Rubie, Saarland University, Germany</i>
<b>12:20-12:40</b>	<b>Course of Cognitive Consequences of Aging, biological and physiological explanation</b> <i>Gabriele Mayer, Freiburg, Germany</i>
<b>12:40-13:00</b>	<b>Therapeutic approach with commercial supplements for pantothenate kinase-associated neurodegeneration with residual PANK2 expression levels.</b> <i>Jose Antonio Sanchez Alcazar, Universidad Pablo de Olavide, Spain</i>
<b>13:00-13:20</b>	<b>The discourse of nursing students about the palliative care with the hospitalized elderly</b> <i>Kissylla Harley Della Pascoa Franca, Hospital Universitario Fundacion Santa Fe de Bogota, Brazil</i>
<b>13:20-13:40</b>	<b>Selective Laser Trabeculoplasty versus Micropulse Laser Trabeculoplasty for Intraocular Pressure Control in Patients with Primary Open Angle Glaucoma: A 12-month Retrospective Comparative Study</b> <i>Roberto Lauande Pimentel, Univisao/Unime, Brazil</i>

<b>13:40-14:00</b>	<b>slot Available</b>
<b>14:00-14:20</b>	<b>Addressing Access and Inclusion for LGBTQ+ Older Adults in Housing and Long-Term Care Communities</b> <i>Sydney Richardson</i> , Director National LGBTQ+ Elder Housing Initiative, USA
<b>14:20-14:40</b>	<b>When to opt for preemptive anticoagulation with SARS-CoV-2 infection in the long-term care facilities</b> <i>Nadia Mujahid</i> , Warren Alpert Medical School of Brown University, United States
<b>14:40-15:00</b>	<b>Measuring US Old Age Food Insecurity</b> <i>Madonna Harrington Meyer</i> , Syracuse University, USA
<b>15:00-15:20</b>	<b>Surgical-site infection after hip fracture surgery; preoperative full-body disinfection compared to local disinfection of the surgical site.</b> <i>Neda Moinolmolki</i> , Albertus Magnus College, USA
<b>15:20-15:50</b>	<b>Keynote Talk: Suspended in time: Molecular responses to hibernation also promote longevity</b> <i>Kenneth B. Storey</i> , Carleton University, Canada
<b>15:50-16:20</b>	<b>Keynote Talk: Cellular Senescence, Senolytics, and COVID-19</b> <i>James L. Kirkland</i> , Mayo clinic, USA
<b>16:20-16:40</b>	<b>Developing novel senotherapeutics by drug screening, drug design, and machine learning</b> <i>Lei Zhang</i> , University of Minnesota, USA
<b>16:40-17:00</b>	<b>Sex-difference in the effect of social drinking on structural brain aging and cognitive function in older individuals free of cognitive impairment</b> <i>Osama A Abulseoud</i> , Mayo Clinic, United States
<b>17:00-17:20</b>	<b>Progression of Alzheimer's like pathology via astrocyte-derived extracellular vesicles in HIV associated neurocognitive disorders</b> <i>Susmita Sil</i> , University of Nebraska Medical Center, United States
<b>17:20-17:40</b>	<b>Growth hormone role in the aging tissue microenvironment</b> <i>Vera Chesnokova</i> , Cedars-Sinai Medical Center, USA
<b>17:40-18:00</b>	<b>Necroptosis-mediated inflammation as a possible driver of hepatocellular carcinoma in aging</b> <i>Deepa Sathyaseelan</i> , OUHSC, USA
<b>18:00-18:20</b>	<b>Impact of the Affordable Care Act on participation in the Supplemental Nutrition Assistance Program among low-income older Medicare beneficiaries</b> <i>Hyunmin Kim</i> , The University of Southern Mississippi, USA
<b>18:20-18:40</b>	<b>Cognitive and methylome rejuvenation in old rats by hippocampal oskm gene therapy</b> <i>Rodolfo G Goya</i> , National University of La Plata (UNLP), Argentina
<b>18:40-19:00</b>	<b>Immunotherapy and Microbiota for Targeting of Liver Tumor-Initiating Stem-Like Cells</b> <i>Keigo Machida</i> , University of Southern California, Dept. Molecular Microbiology and Immunology, USA
<b>19:00-19:20</b>	<b>Beyond Cognitive Screening: How to Establish a Interprofessional Perioperative Brain Health Initiative Pathway</b> <i>Justyne Decker</i> , University of Southern California, USA

<b>19:20-19:40</b>	<b>Aging and sexuality: conflicting definitions</b>
	<i>Janie Steckenrider, Loyola Marymount University, USA</i>
	<b>slot Available</b>
<b>We are still accepting oral and poster presentations. To book your slot, contact Dr. Alex Greenspan</b>
